Dear Colleagues,

During the last CRCT conciliation last Friday June 11 the judge asked Easyjet to make one last offer. Following this meeting the company has made us one final definitive offer: **they propose a salary increase of 100 CHF a month** for all contracts from January 1st, 2010 thru December 31st, 2010.

This proposition is the last one that the company will make us. We will not have the possibility to make a counter- proposition to the company.

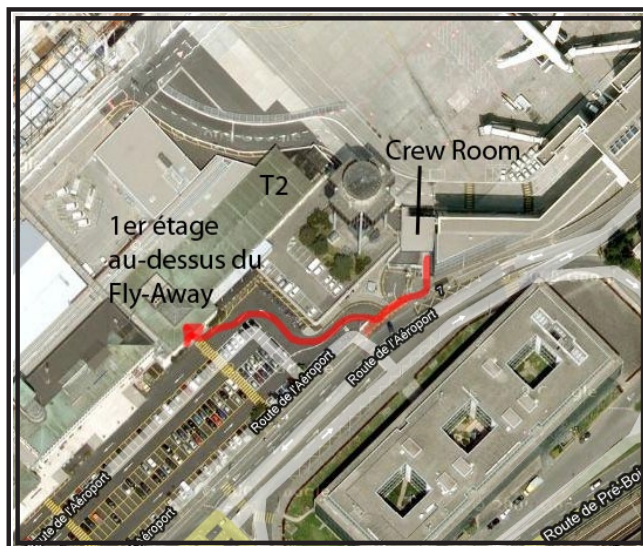

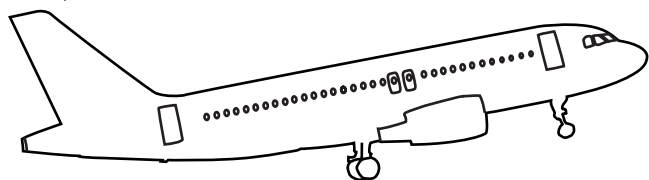

**If we accept their proposition we will then continue the negotiations** on other subjects such as the 13th salary, the rostering policy and the collective convention of work.

**On the other hand if we don't accept their proposition conflict is unavoidable.**

**I am sure that you all understand that we need to make this huge decision together!**

This is why we are inviting everyone to come to the General Assembly on June 22 because it is you, the syndicate members, who will make the ultimate decision!

**The General Assembly will be held at both 11h and 16h** to allow a maximum number of colleagues to come. **In Geneva it will be held in the SSP room of the AIG**( 1st floor, 2nd terminal) and **in Basel it will be held in the Mulhouse room**( 6th floor on the French side)
